

LOCAL MATTERS.

Rev. Maj. F. W. Perry, U. S. A. arrived here with his company, from Goodwin, on Tuesday, enroute for Camp McDowell.

Trains:—Mr. Apple's train arrived from Sonora on Sunday. The train of Bolcos & Loizo, den with flour, also arrived from Sonora about a beginning of the week.

The paymaster returned to Tucson, en route Camp Grant, on Monday. Col. Green, from Camp Grant, arrived same day and accompanied the paymaster to that post on Wednesday.

LADIES:—On Saturday night a party of Indians visited a ranch situated near the church of San Xavier, nine miles from this city, and succeeded in running off seventeen head of stock, one of which has been recovered.

A Mr. Long, from San Pedro, who armed himself with a ponderous club and tried to take possession of the whole valley, about a week ago, was arraigned before Justice Tounge on Tuesday. Three Mexicans, indebted to said long and said club for various bruises upon their persons appeared against Mr. L.

SPORTING:—The races at Florence, on the 23rd ult., are said to have been of a very exciting character. Several parties from Sonora were present and entered their horses freely, confident, no doubt, of carrying off the stakes which, however, found their way into the pocket of Dan. Martians, of Florence.

MURDER:—A misunderstanding which arose between two Mexicans, at Tubac, last week, resulted in one of them stabbing the other in the side. It is not known how long the injured man may have suffered from his wound as he was some time dead when discovered. The murderer escaped.

We are unable this week to furnish our readers with any late dispatches, as the mail from the East did not arrive. There must indeed, be some potent reason for its non-appearance as, up to this time, it arrived with the most reliable precision. We fear the Indians have captured the buggy and driver.

IMPROVEMENTS:—Notwithstanding the disturbed state of affairs throughout the Territory, occasioned by the presence of hostile Indians everywhere, this city is still growing rapidly. New building are going up constantly, and old ones are being refitted, lots are being taken up on the suburbs, or purchased at business points within the city and undergoing improvements which bespeak a determination to make Tucson at all future times what it has been in the past—the largest city between the Colorado and the Rio Grande.

MR. FLOURNOY who, it will be remembered, rode off from this city on the night of the 23d ult., lost his life in the event. A reward of \$200 having been offered for his recovery, the greatest diligence was exercised in searching for his whereabouts. The return, upon the third day of his absence, of the horse upon which he rode, was regarded as evidence that he had perished; and on the fifth day of his absence he was found dead among the mountains, some twenty-five miles from town. Mr. Flournoy was a shrewd business-man when not under the influence liquor and is said to have been worth upwards of \$50,000.

We do not know of anything very improper in the act if a Caballero did take a Señorita behind him on his horse and did gallop around town with said animal, so frightened, on San Juan's Day. But it appears to have been just a little out of the reasonable order of things for another individual to take a maiden in front of him, in the saddle; to place his arms around said cooing female as if to protect her delicate form from tumbling beneath the feet of his very steed, and then to put spurs to said animal at the same time that he held secure his unwilling "Companera," and thus to leave town, exciting absent for several days.

MINING:—The Apache Pass Mining Company has entered into a contract with parties from Pinos Altos by which the latter are to take one thousand tons of ore from the "Haris mode." They are to commence work immediately. Col. J. F. Stone, one of the proprietors of the mine, will leave for the Pass within a few days, accompanied by an experienced engineer and workmen to put the mill in readiness. It is expected that the mill will be crushing rock before the end of the present month. Mr. Anderson will remain at the Pass until the business shall be fairly under way. The Company wishes to enter into contracts for the hauling of quartz and wood to the mill.

INDIANS AGAIN:—By a letter from Apache Pass, we learn that on Wednesday, the 23d ult., about 3 o'clock, a. m., the Apaches relieved Mr. Anderson, post trader, of a fine American horse. The horse, with three others, was well secured by rope, near the mill and within ten feet of two men who slept there for the purpose of security to the animals. But the Indians came so quietly as to cut one horse loose and get him started before being discovered. They were engaged in cutting the rope of another of the horses when the contents of a double barreled shot gun (loaded with five shot,) embarrassed their operations and they cleared out. About 7 o'clock, on the same morning, three Indians fired upon and killed the horse of the mail rider coming in from Tucson, when within about two miles of the post. The rider escaped with no other injury than a bruised ankle caused by the horse falling upon it. The horse was shot through the heart and fell so dead as to hold secure the right foot of the rider, who was not long in extricating his foot, leaving his boot under the horse. No time was left him to secure any portion of the mail, and all of it, with saddle, blankets, &c., fell into the hands of the Indians. On the following night the storage house of Mr. Anderson, containing a large amount of grain and Machinery, and acids for mining, belting &c., &c., was broken into by the Indians and considerable damage done by breaking bottles of valuable acids, cutting belting, &c., and carrying away some 800 pounds of grain. The store house is about 600 yards from the mill, and up to that time unguarded. The Indians, it is supposed, were in search of powder which, fortunately, was deposited elsewhere.

Col. Barnard, in command of the post, has been untiring in his efforts to get hold of the prowling Indians that have been committing depredations around Camp Bowie during the past week.

METEOROLOGICAL.—The following shows the temperature of the climate of Tucson at the annexed dates of the past month:
